Dear Sir:

This letter

(1) concerns the application for patent term extension ("PTE") for U.S Patent No. 5,510,106 ("the '106 patent"), filed by the Regents of the University of California ("The Regents"), under 35 USC §156 *et seq*, and, The Regents authority to rely on the regulatory activities of "Fort Dodge" in connection with said application -

(2) confirms that Fort Dodge authorized and continues to authorize The Regents to rely on Fort Dodge's regulatory activities before the USDA relating to Fort Dodge's Application for (and issuance of) a U.S. Veterinary Biological Product License, authorizing production of:

Feline Immunodeficiency-Leukemia Virus Vaccine, Killed Virus, Code 15D5.R0 – and,

(3) has been provided to The Regents to allow for its use in respect and support of the '106 patent's PTE application with the USPTO.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Timothy T. Slater". It is written in a cursive style with a large, sweeping initial 'T' and 'S'. A small portion of the signature is obscured by a redacted area.

Timothy T. Slater
